SUBJECT: Jurisdictional Determination – 1.3-Acre Addendum: Proposed Rocking R Solar Project on 1,037-acre site in Hosston, Louisiana, MVK-2022-910

I refer to your request for a jurisdictional determination of an approximate 1.3-acre addendum to the 1,037-acre site, which was issued a Preliminary Jurisdictional Determination dated March 10, 2023, located in Hosston, Caddo Parish, Louisiana. The location of the addendum is depicted on the enclosed map (enclosure 1).

Based upon the information provided, we have determined that a Department of the Army Section 10/404 permit will not be required for the proposed work within the 1.3-acre addendum since there are no jurisdictional wetlands or other waters of the United States located within this portion of the property. For your information, I have enclosed a copy of our appeals form (enclosure 2) for this approved jurisdictional determination.

This approved jurisdictional determination is valid for a period not to exceed five years from the date of this letter unless superseded by law or regulation. If the proposed work is not completed by this time, please contact this office for a reevaluation of permit requirements.

This determination of Department of the Army regulatory requirements does not convey any property rights, either in real estate or material or any exclusive privileges and does not authorize any injury to property or invasion of rights or local laws or regulations or obviate the requirement to obtain State or local assent required by law for the activity discussed herein.

The decision regarding this action is based on information found in the administrative record, which documents the District's decision-making process, the basis for decision, and the final decision.
