U.S. ARMY CORPS OF ENGINEERS, VICKSBURG DISTRICT
4155 CLAY STREET
VICKSBURG, MISSISSIPPI 39183-3435

SUBJECT: 2023 CDBG Public Facilities grant application for wastewater treatment lagoon improvements in the Town of Lake, Scott County, Mississippi.

Dear [REDACTED]:

I refer to your letter requesting Department of the Army permit requirements for the Proposed Wastewater Treatment Lagoon Improvements, Scott County, Mississippi. The location of the proposed work is depicted on the enclosed map (enclosure 1).

Based upon the information provided, we have determined that a Department of the Army Section 10/404 permit will not be required for any proposed work, since there are no jurisdictional wetlands or other waters of the United States located within the limits of the proposed work areas. In addition, it has been determined that the sewage lagoons depicted on the enclosed map (enclosure 1) meet the definition of the Corps of Engineers Waste Treatment System Exclusion and are not considered Waters of the United States and therefore, a Department of the Army section 404 permit will not be required for impacting these features. For your information, I have enclosed a copy of the appeals form (enclosure 2).

This approved jurisdictional determination is valid for a period not to exceed five years from the date of this letter unless superseded by law or regulation. If the proposed work is not completed by this time, or if project plans change, you should contact this office for a reevaluation of permit requirements and refer to Identification No. MVK-2023-692 when submitting the information.

This determination of Department of the Army regulatory requirements does not convey any property rights, either in real estate or material or any exclusive privileges and does not authorize any injury to property or invasion of rights or local laws or regulations or obviate the requirement to obtain State or local assent required by law for the activity discussed herein.

The decision regarding this action is based on information found in the administrative record, which documents the District's decision-making process, the basis for the decision, and the final decision.

If we may be of any further assistance in this matter, please contact [REDACTED]
