This map was compiled using the most current and complete data available and is believed to be accurate. GIS product and data accuracy may vary. They may be developed from sources of differing accuracy, accurate only at certain scales, based on modeling or interpretation and incomplete while being created or revised, etc.

This map is intended for recreational use only. Using GIS products for purposes other than those for which they were created can yield inaccurate or misleading results. The US Army Corps of Engineers reserves the right correct, update, modify, or replace GIS product without notification.

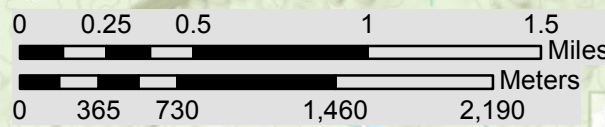

For more information, contact the Lake Ouachita Field Office at 1424 Blakely Dam Road, Royal, AR or phone (501) 767-2101
