## Standard Operating Procedures for USACE Offices in Vicksburg, MS, During Adverse Weather Updated December 20, 2012

1. It is important for the Federal Government to remain in operation even if offices are closed to the public. Employees are expected to plan for coping with some amount of adverse weather and to report to work unless a decision has been made by the Commander, MVD, to dismiss or close all or part of the three USACE installations in the Vicksburg area (MVD, MVK, ERDC).

Unless notified otherwise, all USACE employees in the Vicksburg area should assume that offices will be open for business each regular workday. Employees should report for duty at their assigned station for the day and account for their hours of work by **WATS**:

- Working at a worksite (typically the office) in the Vicksburg area,
- Alternate work schedules (AWS) day off,
- Teleworking (at home or approved telework center), or
- Scheduled leave or other paid time off.
