SUMMARY OF CHANGES

Changes in Section SF 1449

The following clause, which is incorporated by full text, has been added. Note requirement for submission of items for evaluation purposes.

52.212-2 EVALUATION--COMMERCIAL ITEMS (JAN 1999)

- (a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:
- (i) Technical capability (submission of documentation to indicate personnel available for this requirement meeting "Minimum Qualification Requirements" outlined in solicitation)
 - (ii) Past Performance (provide minimum of three references)
 - (iii) Price

Technical and past performance, when combined, are more important than price.

(b) Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of clause)
