November 15, 1996

Colonel Gary W. Wright
District Engineer
Vicksburg District, Corps of Engineers
4155 Clay Street
Vicksburg, MS 39180-3435

Dear Colonel Wright:

It is my understand that the Corps of Engineers is in need of assurance that DeSoto County, Mississippi remains interested in Corps assistance in repairing our road between Eudora, Mississippi and Arkabutla Dam.

Please be assured that we are very interested in the Corps assistance in this matter. We understand that the Corps may only participate monetarily to the extent necessary to repair the road, that your funding is limited, and that DeSoto County will be expected to cover any costs associated with improvements. We also understand that the Corps may not be held responsible for any future maintenance and repairs to this road after the work is complete.

We look forward to future progress on repairing this road. If we can be of any assistance, please feel free to contact Clovis Reed at 601-429-1460.

Sincerely,

Eugene Thach, President
DeSoto County Board of Supervisors
