SUBJECT: Department of the Army Regulatory Requirements – Request for Approved Jurisdictional Determination on Property in Adams County, Mississippi MVK-2022-418

[REDACTED]

[REDACTED]:

This is in response to the request for review of possible regulatory requirements for the jurisdictional determination in Adams County, Mississippi.

Based upon the information provided (enclosure 1), we have determined that a Department of the Army Section 10/404 permit will not be required for the proposed work, since there are no jurisdictional wetlands or other waters of the United States located within the project area. For your information, I have enclosed a copy of the basis of our determination (enclosure 2) and appeals form (enclosure 3).

This approved jurisdictional determination is valid for a period not to exceed five years from the date of this letter unless superseded by law or regulation. If the proposed work is not completed by this time, please contact this office for a reevaluation of permit requirements and refer to Identification No. MVK-2022-418 when submitting the information.

This determination of Department of the Army regulatory requirements does not convey any property rights, either in real estate or material or any exclusive privileges and does not authorize any injury to property or invasion of rights or local laws or regulations or obviate the requirement to obtain State or local assent required by law for the activity discussed herein.

The decision regarding this action is based on information found in the administrative record, which documents the District's decision-making process, the basis for the decision, and the final decision.

If we may be of any further assistance in this matter, please contact [REDACTED]  
[REDACTED] of this office, telephone [REDACTED], or e-mail address:
