I refer to your inquiry requesting an approved jurisdictional determination and delineation concurrence for the subject property located in Marshall County, Mississippi.

Based upon the information provided, we concur with your delineation of the aquatic resources within the property boundary. However, some aquatic resources have been identified as non-jurisdictional. The approximate extent of the jurisdictional and non-jurisdictional waters within the boundary of the property described in your letter is depicted on the enclosed map (enclosure 1). For your information, I have enclosed our basis for determination (enclosure 2) and an appeals form for the approved jurisdictional determination (enclosure 3).

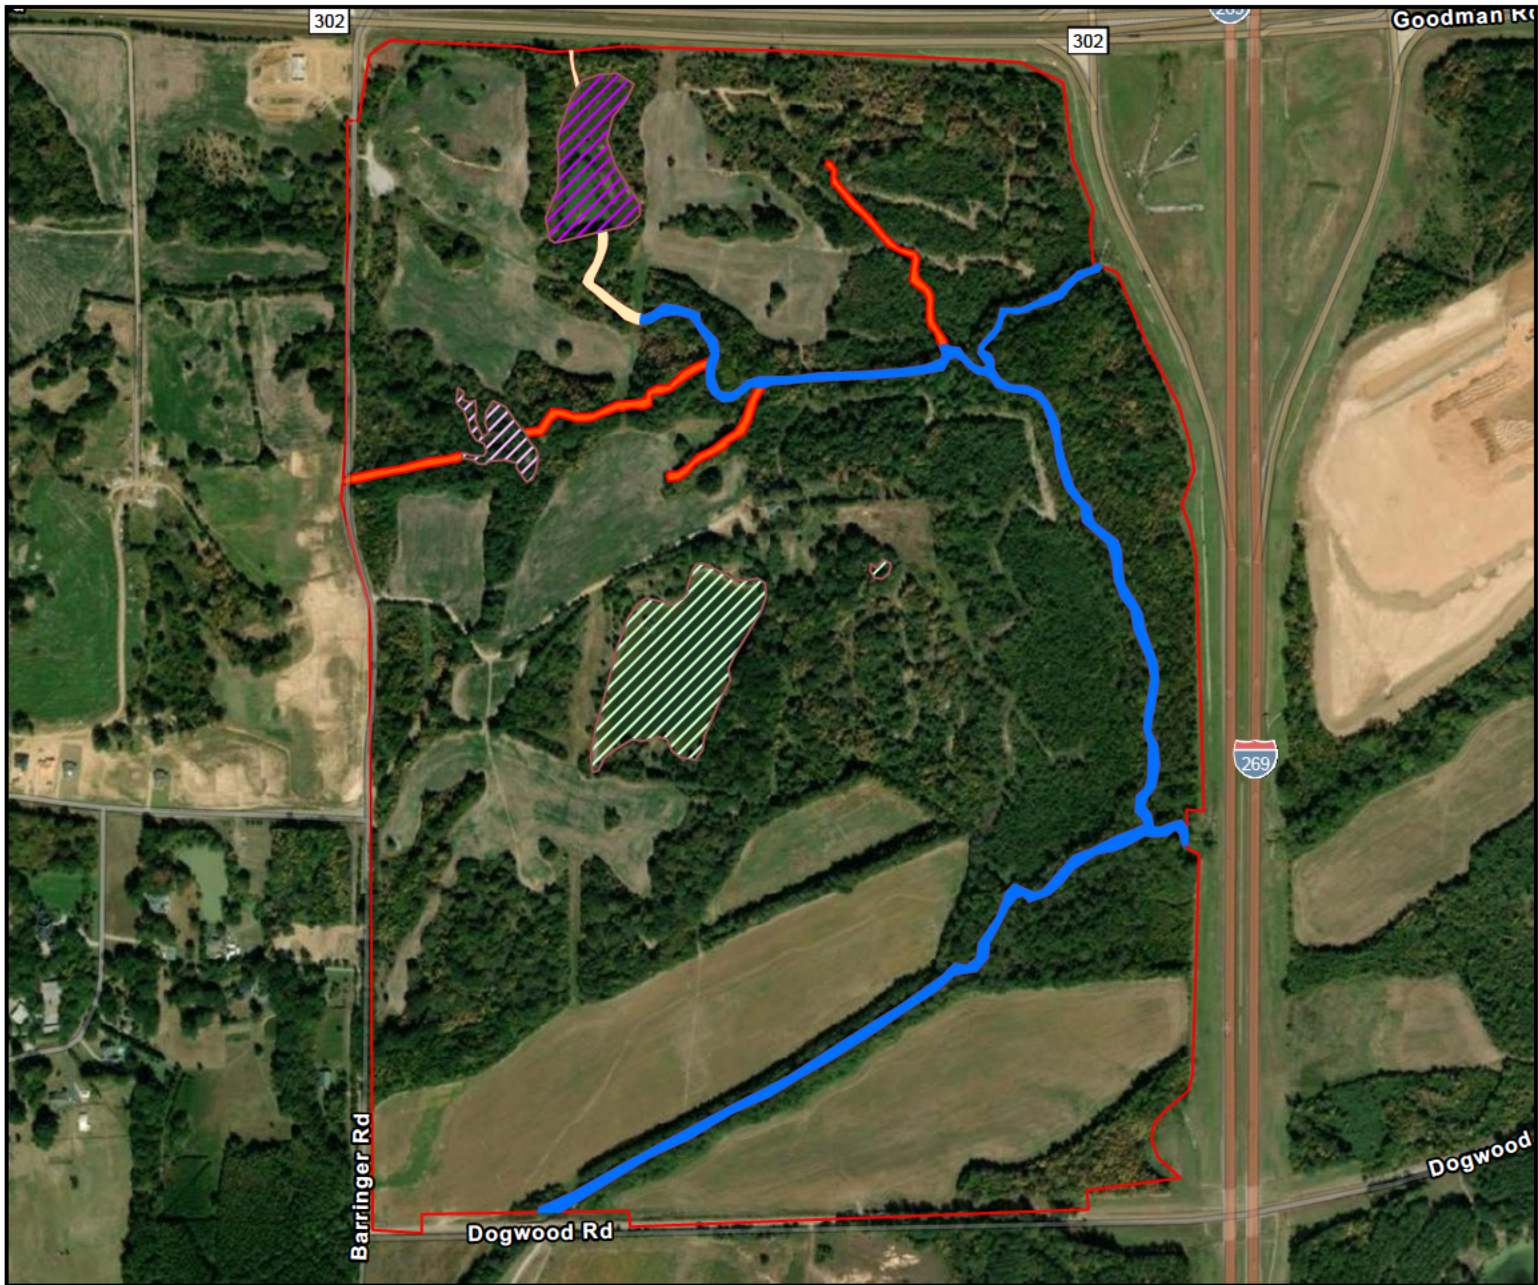

This determination of Department of the Army regulatory requirements does not convey any property rights, either in real estate or material or any exclusive privileges and does not authorize any injury to property or invasion of rights or local laws or regulations or obviate the requirement to obtain State or local assent required by law for the activity discussed herein.

The decision regarding this action is based on information found in the administrative record, which documents the District's decision-making process, the basis for the decision, and the final decision.
