All forms used in this guide were current as of January 2004. Students should update their guides with the latest forms as they become available.

FOREWORD

This training package has been developed to help familiarize contractor personnel with the Construction Quality Management concepts and procedures.

This guide was designed to be used as a workbook during the training program. It is intended that, after the training, it be included in your office bookshelf as a helpful tool to be used when needed. Updated material may be issued as necessary as errata sheets.

Questions pertaining to interpretation and explanation of this guide and suggestions for revisions and improvements should be forwarded to:
